**So the ground wire in your house is not only a dirty
unclean ground that is not for spiritual grounding it
is full of dirty electricity and Sixty AC Hum but it is
also a hidden microphone to surveillance you and a hidden
hardware keylogger to track you and monitor everything you
do, the only way to stop it is to run your computer on
battery or free energy or overunity that is the only way
to stop the HW keylogger aka your ground wire from spying
on you, this problem only persists on Earth, a slave system
controlled by Uniform Commerical Code, and your shadow government
uses the ground wire all the time to spy on and surveillance you
this is global also, it happens in Europe and Canada and Mexico,
it is part of the Secret Government Shadow Government, not only
that but all Eightys or so housing has through wall surveillance
that can see everything you are doing even through a half inch
sheet of steel, uses ultrasonics and infrasonics for weaponry
and the only way to block it is Saline Water and Vaccuum ... ;
It is a matrix, Privacy is an illusion, before Computers and
subnet masking we were still monitoring people our stasis was
via Remote Viewing, the lowest tech way to do it, and still to
this day we combine through wall cameras with Remote Viewing,
if you want to know who is doing all the stalking it is the
Freemasons in Government and The Sheriff's Department Freemasons,
that is who is doing all of the Organized Stalking ... ;
Changing OSes does nothing Linux and BSD are not going to prevent
it, it is your keyboard going through the BIOS and every GND
wire has a built in Mic and hardware keylogger to get everyone. ;
